

Building a website for your secondary school is a great idea! Here are some essential features you should consider including:

1. Home Page

- A welcoming page with school branding, an introduction, and navigation to other sections.
- Latest news or announcements (e.g., events, holidays, important messages).

2. About Us

- A brief history of the school.
- Mission and vision of the school.
- Leadership team (e.g., principal, school board).

3. Academics

- Information about various academic programs (e.g., science, arts, sports).
- Curriculum overview and subjects offered.
- Academic calendar and important dates.

4. Admission

- Admission process and requirements.
- Application forms (downloadable or online submission).
- Fee structure and payment options.

5. News & Events

- Upcoming events (e.g., sports day, parent-teacher meetings).
- Event registration and ticketing if applicable.
- Gallery of past events (photos, videos).

6. Student Life

- Extracurricular activities (clubs, sports teams, etc.).

- Student achievements (awards, recognitions).
- Student council and leadership opportunities.

7. Faculty

- List of teachers and their departments.
- Faculty profiles with qualifications and subjects taught.

8. Parent Portal

- Access to student reports, grades, and attendance records.
- Online forms (e.g., permission slips, feedback forms).
- Parent-teacher communication channels.

9. Contact Us

- School contact information (address, phone number, email).
- Contact form for inquiries.
- Interactive map with school location.

10. Library

- Online catalog of books available.
- Library hours and services.
- Resources for research and learning.

11. Online Learning Resources (optional)

- E-learning platform or resources for students (e.g., video tutorials, notes, and quizzes).
- Links to online classes or assignments.

12. Blog or Newsletter (optional)

- Regular updates on school activities, important announcements, and community stories.
- Subscription option for parents and students to receive updates.

13. Alumni Section

- Alumni directory (with the option to reconnect).
- Alumni success stories.
- Donation or support options for the school.

14. Accessibility Features

- Make sure the website is mobile-friendly and accessible.
- Consider text-to-speech options or high-contrast designs for visually impaired users.

Would you like to focus on any specific features or need help with the design and layout?
